Being an affiliated institution, the College follows Continuous Internal Assessment Policy laid down by the University of Mumbai, the affiliating university. The University has mooted 60:40 pattern of assessment for all undergraduate law programmes, whereby 60 marks have been assigned to Semester-end Examination and the remaining 40 marks have been assigned to internal assessment.

Continuous internal assessment, also known as formative assessment, serves several objectives in educational settings. Here are some of the primary objectives of giving 40% weightage to internal assessment in the overall evaluation of students:

- (1) **Monitoring Learning Progress:** Continuous internal assessment aims to monitor and track students' learning progress throughout a course or academic program. It provides regular feedback on individual performance, enabling students and teachers to gauge the level of understanding, identify areas of improvement, and make necessary adjustments to enhance learning outcomes.
- (2) **Diagnostic Assessment:** Continuous internal assessment helps diagnose students' strengths and weaknesses in specific subject areas or skills. By assessing students' understanding and identifying gaps in knowledge, teachers can tailor instruction to meet individual learning needs effectively.
- (3) **Promoting Active Learning:** By engaging students in ongoing assessments, continuous internal assessment encourages active participation in the learning process. It prompts students to reflect on their knowledge, apply concepts, and develop critical thinking and problem-solving skills.
- (4) **Encouraging Self-Regulated Learning:** Regular self-assessment and reflection are key components of continuous internal assessment. Students are encouraged to evaluate their own learning, set goals, and take responsibility for their progress. This fosters self-regulated learning habits, helping students become independent and lifelong learners.

- (5) **Providing Timely Feedback:** Continuous internal assessment facilitates the provision of timely feedback to students, allowing them to understand their strengths, weaknesses, and areas for improvement. Feedback can be specific, actionable, and personalized, guiding students in their learning journey and enhancing their overall performance.
- (6) **Informing Instructional Practices:** Continuous internal assessment provides valuable data for teachers to inform and adjust their instructional strategies. By identifying common misconceptions or learning gaps, teachers can adapt their teaching methods, differentiate instruction, and address students' specific needs effectively.
- (7) **Motivating Students:** Regular assessments can serve as motivational tools, as they provide students with a sense of progress and achievement. By recognizing their accomplishments and identifying areas for growth, continuous internal assessment encourages students to stay engaged and motivated in their learning.
- (8) **Improving Accountability:** By integrating continuous internal assessment into the learning process, educational institutions promote accountability among students and teachers alike. It ensures that learning outcomes are aligned with educational objectives and standards, while also fostering a culture of continuous improvement.

Overall, continuous internal assessment supports the holistic development of students by facilitating ongoing feedback, personalized learning experiences, and targeted interventions. It plays a crucial role in enhancing learning outcomes, promoting student engagement, and informing instructional practices.

Scheme of Continuous Internal Assessment for UG 3 Years LL.B. programme is as under:

The performance of the learners shall be evaluated into two components. The learner's performance shall be assessed by Internal Assessment with 40% marks in the first component by

Internal Assessment at the College Level:

As per the guidelines issued by the University of Mumbai with respect to continuous internal assessment, the College conducts internal assessment as per the present policy as under:

- The College conducts 20 marks class test on the basis of 25-50% of the syllabus completed in each course.
- For 15 marks, students are asked to prepare PPT on project topics related to syllabus and present in the class. Post-presentation teachers ask questions to evaluate students.
- Remaining 5 marks are awarded to students on the basis of their class attendance, class participation and involvement in various co-curricular and extra-curricular activities.
